# *ALoving* TRIBUTE BOOKS

Our new mobile app allows you to create, share and manage condolence books from the comfort of your phone.

Giving you the ability to invite family and friends to add their messages from all over the world, collecting treasured memories and photographs, that you might not have otherwise had access to. Guests can take time adding their messages, making for far more meaningful entries.

Once your book is full, we will print and deliver straight to your door. We believe our books to be a wonderful keepsake, in which you can treasure for years to come.

To download, simply scan the QR code on the reverse of this leaflet.

Keeping the memories of your loved one alive,  
Captured on paper for all of time.

In association with Jon Matson-Higgins  
Minister & Celebrant
